Rendells Online Timed Auction Report

Rendells held their first online auction of Tractors, Machinery, Implements and Architectural Salvage for 2021. With the COVID 19 restrictions continuing to prevent many live auctions Rendells had scheduled over the spring and summer months the online auction provided vendors a chance to sell their items during this extremely difficult time.

An excellent entry of 171 lots saw registered bidders from all over Europe including Bulgaria, Romania, Ireland alongside buyers from Northern Ireland, Scotland, Wales and excellent support throughout the South West with many lots selling above the vendors expectations. Leading up to the auction there was a high level of enquiries for all lots forward and it was great to see all the bids come forward as the sale began to close.

Bidding topped at £27,000 for a John Deere 615M TLS tractor with the 2015 Kidd Bale Chopper seeing bidding finally settling at £6700. Closely following and ready for the grass harvest was the Kongskilde R655 ASL Two Rotor Rake which sold to £6400 with the John Deere 2130 Tractor selling to £5200.

The Mitsubishi L200 Double Cab pickup met late interest in the auction with a sale price of £3500 and a 2014 Lely single Rotor Rake selling to £3300. The livestock trailers forward in the sale sold to a top of £2300 for an Ifor Williams with the Tanco Bale Wrapper realising £2200 after some late bidding activity.
